Information about location: Giant inflatables

What do KTC participants do at this location? Pump It Up is where your imagination comes to play – our play areas are filled with huge inflatables and other attractions offering endless opportunities for kids of all ages to explore and imagine new environments.

Specific Items to Note: Before we can play, the children have to watch a safety video. Along with the Pump It Up staff, we have our staff spread out between two rooms to watch the children. The children are escorted to and from the restroom by a staff.

What if my child doesn't want to play? Students that don't want to play can watch others or play card games that we will bring from site while sitting at the available tables and booths. The fun music and atmosphere will also provide entertainment.

Grade level: K-5
