POLICY TITLE TEACHING ABOUT RELIGION

No. 603.8

The school district is required to keep the practice of religion out of the school curriculum. The board recognizes the key role religion has played in the history of the world and authorizes the study of religious history and traditions as part of the curriculum. Preferential or derogatory treatment of a single religion will not take place.

It is the responsibility of the superintendent to ensure the study of religion in the schools in keeping with the following guidelines:

- the proposed activity must have a secular purpose;
- the primary objective of the activity must not be one that advances or inhibits religion; and
- the activity must not foster excessive governmental entanglement with religion.

School facilities will not be used during school hours for religious activities, meetings, worship, celebrations, or observances. Facility use outside of the normal school day will be subject to the rules and regulations for other non-religious groups and pursuant to the terms of the school rental agreements arranged through community education.
