

BOARD OF DIRECTORS

Series 200

POLICY TITLE STANDING COMMITTEES

No. 208.2

The Board of Education has established ten (10) standing committees. The committees and their functions are as follows:

Academic Affairs Committee

This Board committee will consider curriculum topics, staff development topics, student achievement topics, and any other topics of similar nature which need to be reviewed or acted upon by the Board of Education.

Audit Committee

This Board committee serves the annual function of reviewing the independent audit of the district's finances. The committee is made up of the members of the Board's Finance Committee, plus two board-appointed members of the community with relevant financial expertise. The committee also may be directed by the Board to provide review of and recommendations for internal controls and business practices from time to time as the Board may deem necessary.

Board Evaluation/Board Goal Committee

This Board committee will be responsible for any Board of Education evaluations and reviewing and updating Board goals.

Board Policy Committee

This Board committee will review and update board policy.

Co-Curricular/Community Relations Committee

This Board committee will consider community education topics, public relations topics, athletic and activity topics, booster club topics, and any other topics of similar nature which need to be reviewed or acted upon by the Board of Education.

Equity Committee

This Board committee will promote diversity, advocate for equity, and foster inclusivity on behalf of Johnston Community School District students and staff.

Financial Committee

This Board committee will consider any school district financial topics. This includes various school district financial funds, administrative salaries, negotiations, early retirement, human resource functions and any other financial topics needing board review or action.

Legislative Action Committee

This Board committee will organize and promote legislative advocacy efforts on behalf of Johnston public school students.

Mental Health and Student Well-Being Committee

This committee will meet to provide study and design practices related to at-risk and mental health services.

Physical Environment Committee

This Board committee will consider district growth topics, transportation topics, buildings and grounds topics and any other topics of similar nature which need to be reviewed or acted upon by the Board of Education.

The board members serving on these committees will be reviewed and determined each year at the first two board meetings following the school board election.
